RE:Docket 98P-0203/CP

Dear Mr. Jaffe,

Thanks to the diligent efforts of the PETA Organization, I have recently learned of the horrible treatment layer hens are forced to endure. I am sure you have been informed of the gory details of their sad lives. Eggs were one of the last guilt free animal products left to eat. Aside from the speciality type eggs (laid by hens not kept in cages and starved), I will never eat or use another.

I urge you to join us and millions of others in support of Docket 98P-0203/CP to ban the forced molting of layer hens. Thank you. I am

Respectfully yours,

Lynn C. Lehocky
